

Poster Presentation

- Hardcopy of an A0 size poster
- Tips in the making of a poster can be found at:
 - <http://www.psichi.org/conventions/tips.asp>

Basic Guidelines for Poster Design

- Total size of the poster is 80 x 200 cm; **the size of the poster within design is 70 x 130 cm.**
- Use **JPEG** format to those graphic presentations such as photos/graphs/tables for high resolution in the output produced
- Use **font size of 30 or above with 1.5 or double-line spacing.**
- Think creatively to design an attractive title and organize your ideas systematically to draw the attention of your audience
- Be concise in wording to present the main themes or ideas as well as the findings of your research for easy reference by your audience
